NATIONAL SOCIALIST PARTY OF AMERICA
White Power Broadcast
Chicago, Ill. Dec. 19, 1972

This is Victor Medrava for the White Power Broadcast of December 19.

We have always contended that the Black Revolution is a tool of the Jewish conspiracy to destroy organized society and now, according to an article in the December 19 issue of the Chicago TRIBUNE, eleven so-called human relations agencies have descended on the Gage Park High School community.

Jew James W. Rottman, executive director of the Conference of Christians and Jews, announced that he and his group would work with other agencies in stopping "the problem of racism which threatens to engulf us all."

Other agitation groups include the Chicago Urban League, the Anti-Defamation League, the Chicago Conference on Religion and Race, the American Friends Committee, Community Renewal Society, National Association of Social Workers and the Council for Community Services in Metropolitan Chicago -- all marked as Jewish groups. In addition to these organizations, Gage Park can expect the Jewish Committee, American Jewish Congress and the Jewish Council on Urban Affairs.

The fight is no longer between the white residents of Gage Park and the black invaders alone. Now the Jews on the scene, as outside agitators, will attempt to break the last vestige of white resistance. Gage Park stands as the white stronghold of the southwest side. The Jews know that so long as it remains as such their schemes for an all-black city will be frustrated. This is why they have called upon their powerful organizations with all their vast resources of money and influence.

At this time the Gentile people of Gage Park wonder why these north side and north suburbs have come to agitate in an area so many miles away where there are no Jews. The answer can be found in the Jews' hatred of white resistance and their interest in black revolution.

White people, fight the Jewish inspired black revolution. Join the National Socialist Party of America and attend the next ideological meeting this Wednesday night at 8:00 o'clock, at Rockwell Hall, centered at 2519 W. 71st Street. White Power

Chicago Chapter
Post Office Box 173
Willow Springs, Illinois 60480

Fellow White Christian American:

Recently five members of our brave Youth Corps were arrested in North Riverside, Illinois and charged with interfering with traffic control devices because they allegedly placed "Communism is Jewish" stickers on stop signs.

The judge at the trial of three of the young men allowed a Christ-hating Jew representing the Anti-Defamation League of B'nai B'rith to address the court and the judge sentenced the youths to a fine of \$100.00 each plus one year probation.

On November 14, 1972 the other two members of the group face trial on the same charges.

We are forced to appeal to the membership of our chapter for financial help to aid these valuable, courageous young men.

Please help the party by helping these high school youths who have been victimized by this "jewishdiary." Send your donation with the coupon at the bottom of this letter.

Yours for God, race and country,

White Power Broadcast

Chicago, Illinois

October 13, 1972

This is Frank Collin of the NSPA, 2519 W. 71st Street in Chicago, for the White Power Broadcast of October 13.

We mentioned in our last broadcast that racial Jews are using the wild Negro masses to tear down civilized society and thereby clear the way for a race-mixed Communist America. Jewry's most powerful organization is the Anti-Defamation League, commonly known as the ADL. The ADL is the largest and most powerful investigative agency on earth. It makes the FBI and the CIA look like tiny ineffectual organizations by comparison. The ADL produces literally thousands of race-mixing films which are nearly mandatory at every school in the nation.

Whenever National Socialism begins to make headway in a high school, for example, the ADL is quickly on the scene to grind out movies about the 6-million Jews who went up the chimneys in Nazi Germany some 30 years ago. But this ADL never, but never, runs to a high school where narcotics, Communism or black terror are on the rampage. Nazi Germany ceased to exist in 1945. Communist literature and demonstrations are taking place in America's high schools right now, even while American soldiers are being killed by Viet Cong Communists. Yet, there are no complaints, no great concern from the ADL over these issues. They would have us close our eyes to the Communist enemy, the dope traffic and the blacks, and keep reminding us instead of an incident that took place in a foreign country thousands of miles away nearly 3 decades ago.

And while the ADL is so emotional about 6-million Jews, they have never told the public about the 20-million white Christian people butchered by Communists in Russia or of the hundreds of American soldiers now being tortured to death by Viet Cong terrorists.

Help us defeat the Jew system and its army of savages. Attend our next White Power Rally, October 22, Sunday, 2:00 o'clock in Hale Park, 61st Street and Mulligan.

White Power!

Negro Anti-Semitism Rise Found To Be Not Significant

By Tom Littlewood

Sun-Times Bureau

WASHINGTON—A survey of Negro attitudes in Chicago and three other industrial centers has satisfied the Anti-Defamation League of B'nai B'rith that Negro anti-Semitism is not significantly on the rise in the big cities.

Last summer's violence in Los Angeles, the mayoral election in New York City, and an undercurrent of resentment by a few participants in the recent White House conference on Negro equality prompted renewed concern about the current nature of an old problem of racial prejudice.

Increase Seen

Some of the younger, more militant Negroes were outspoken about their reaction to the role played at the conference by Jewish civil rights leaders.

"I would have to say that anti-Semitism is on the increase in the Negro ghetto," Marion Barry Jr., Washington director of the Student Nonviolent Coordinating Committee, said.

"There is more of an awareness that slumlords and shop-owners in the Negro communities, in the South, too, happen often to have been Jews."

A cross section of participants in the conference was interviewed later by The Sun-Times about the meaning of the problem and what is being done about it.

Prof. Butler Jones, chairman of the sociology department at Ohio Wesleyan University and an authority on urban inter-

group relations, said the point of view reflected in the SNCC leader's statement might be misinterpreted.

"Negro More Vocal"

"The Negro is more vocal today about anti-Semitism mainly because he is more vocal about everything," the professor suggested. "This may give an untrue impression of Negro prejudice being on the increase when actually these attitudes are only being expressed more freely."

In Birmingham, Ala., and Atlanta, the stereotyped image of the Jewish merchant, associated with "sharp" credit practices, has carried over, Jones observed, although in the Negro community of Atlanta, for instance, storeowners are predominantly of southern European non-Jewish extraction.

The study commissioned by the Anti-Defamation League consisted of a sampling of the attitudes of 1,000 Negroes in

Chicago, New York, Atlanta and Birmingham.

Interviews Conducted

Oscar Cohen, program director of the league, said the hourlong interviews were conducted by the University of California and the National Opinion Research Center of the University of Chicago.

Preliminary analysis of the results convinced Cohen that "Negroes are actually less anti-Jewish than they are antiwhite."

Nevertheless, he and John Slawson, executive vice president of the American Jewish Committee in New York, expressed concern about the

problem and said it requires considerable attention by all groups involved. They said an effort will be made to get at the basic causes and carry on the necessary education programs.

Little justification was found, according to David Brody, executive director of the Anti-Defamation League headquarters here, for reports that Jewish merchants were singled out for attention in last summer's Watts riot in Los Angeles.

"We've found that the white group in closest proximity bears the brunt," he said. "Where the merchants are Italian, they catch it when these acts of violence occur."

One reason why anti-Semitic expressions are not always countered as strongly as might be expected in the Negro community was mentioned by Prof. Jones.

"There has been some feeling among middle-class Negroes that American Jews did not identify with the Negro cause and fully commit themselves to the civil rights movement until the Nazi atrocities in Europe and that their sincerity is, therefore, suspect."

Dedicated Are Jews

In any event, Jones emphasized, many of the most dedicated civil rightists are Jews, a truth that SNCC leader Barry seconded.

There were, however, isolated open expressions and considerably more corridor talk at the White House conference about what Barry describes as the feeling that "white theoreticians and do-gooders," many

of them Jews, were overrepresented.

"Unquestionably, there is a problem here," commented William L. Taylor, staff director of the U.S. Commission on Civil Rights. "I've heard it said that this was a major factor in the New York election, although I believe its importance is probably overstated."

Some New York Negroes at the conference voiced the private opinion that Democrat Abraham Beame's Jewishness figured in the 38 per cent Harlem vote polled by his successful opponent, Mayor-elect John Lindsay.

An official ~~of the~~ Democratic National Committee revealed that a check had been made after "some flak" to this effect had been picked up during the campaign. He said campaign literature and the sermon content of Negro ministers did not indicate that the factor was significantly present in the election.

James Q. Wilson, a political scientist at Harvard University and a student of Negro politics, agreed that the factor has not yet shown itself significantly in election studies and probably was exaggerated in the New York reports.

In his own Chicago studies some years ago, Wilson said the factor was particularly

noticeable in transitional neighborhoods along 63d and 37th streets.

Remymemo dated 8-23-58, Chicago file 100-0-78203, reflecting that JOHN E. JULSRUD, a former special agent, had offered his services as a Panel Source.

On 11-24-58, Mr. JULSRUD called the writer and advised that he has abandoned the idea to attend organizations' meetings as he decided it was "not such a good idea". He advised that he had, while an agent, served as liaison with the Anti-Defamation League and he had decided to volunteer his services to that League on a part-time basis. He stated he considered it "clean" and he thought this organization was perfectly okay. He advised that he just wanted to let the writer know and inquired as to whether the writer might have other thoughts on this organization. He was told that I was not in a position to know about this organization as I was engaged in criminal work. He mentioned then that he had an appointment with this organization on the afternoon of 11-24-58 to see about it and was planning on going ahead with it. He did not ask to be advised anything further concerning this organization.

This is recorded in the event this information may be of any value to the Security Squad.

Raps Anti-Defamation League For Going Along with Zionism

Apparently the Anti-Defamation League of B'nai B'rith has awakened from a 10-year slumber. A. Abbot Rosen's appeal in the Daily News that U.N. observers investigate and report on the alleged emergency confronting Jews in Egypt is one that no fair-minded person could fail to support.

But where has the ADL been for the past decade? During this time, the Zionist machine has established the state of Israel by force, displaced Arab refugees in number about equal to that of homeless Jews it has "saved," supported the state by tremendous subsidies from funds ostensibly collected for humanitarian purposes, and pressured our government innumerable times to support the political objectives of this foreign nation.

But even more than that, the ADL has remained conspicuously silent when the Zionists have claimed these "accomplishments" as those of the "Jewish people."

Examples of this exist by the hundreds, but the latest is Ben Gurion's presumptuous implication that the Jews of the world rejoiced in the recent military "victory" of the Israelis. Only one Jewish organization in this country took public exception to this absurd claim, and it wasn't the ADL.

IT IS American Zionists who must share part of the blame for the tragedy of the Middle East. Zionists are only a small minority of American Jews, probably no more than 10 per cent.

But because they control the purse strings of so many so-called "Jewish" organizations, they have spoken as though they represent all Jews.

It is this so-called "partnership" of world Jewry with Israeli affairs, falsely conceived and promoted by the Zionist apparatus in collusion with the Zionist State, that is a direct contributory cause of the sad status of Egyptian Jews today.

Never once, to my knowledge, has the Anti-Defamation League publicly rejected this defamation of a universal religion, Judaism, by the forces of "Jewish" nationalism, Zionism!

I fervently pray, since real tragedy seems to have roused this apparently dormant organization, that ADL will now do so. THOMAS H. LOEB.

VOICE OF THE PEOPLE

Jews in Egypt

Chicago, Dec. 5—According to evidence widely publicized, the Egyptian government has incarcerated many thousands of Jews, innocent of any wrong-doing, in concentration camps; summarily deported an unknown number of others; confiscated the property of the helpless victims, expelling them from the country with little more than the clothes on their backs. **20-7-1**

The Anti-Defamation League has received the following additional facts underscoring the truly desperate plight of the Egyptian Jews:

Over 8,000 are in concentration camps or under some form of detention.

Close to 17,000 "stateless" Jews have been ordered to leave the country within 30 days. They are allowed to take one suitcase and 20 Egyptian pounds [\$56]. They must sign a declaration that this is all the money they possess, and that they are leaving Egypt voluntarily. Incidentally, the vast majority of these Jews, many of whom were born in Egypt, are stateless not because they did not wish to become Egyptian citizens, but because the Egyptian government deliberately made this impossible.

Sixteen thousand Jews who are Egyptian citizens were ordered to leave under the same conditions as the stateless Jews.

Close to 4,000 who are citizens of foreign countries have been given seven days to leave.

Up to the present time, Jewish property worth almost \$100,000,000 has been confiscated or sequestered.

No complete family unit has been allowed to leave Cairo. Those who have already departed have been forced to leave hostages behind—a barbarous practice universally condemned—and have been warned, under the penalty of torture of the hostages, not to talk about conditions in Egypt.

The chief rabbi of Egypt, who is blind and who resigned in protest over the brutal indignities visited upon his co-religionists, was literally dragged from his home to the ministry of the interior by two security policemen. There he was told that unless he withdrew his resignation, a terrible toll would be exacted on the Jewish community. The rabbi refused to yield but one of his young aids, fearing for the chief rabbi's life, rescinded the resignation.

In view of the emergency confronting the Jews of Egypt, there is little time to be lost. The Anti-Defamation League, therefore, has urged that the United States delegation to the United Nations introduce a resolution before the general assembly, calling for the immediate dispatch of U. N. observers to Egypt to investigate the plight of Jews in that nation; a report by these observers to the general assembly of their findings and recommendations; such further action as is deemed necessary to bring a halt to the terror being meted out to helpless victims.

On April 12, 1954, Mr. WILLIAM G. PINSLEY, Anti-Defamation League, B'nai B'rith, 343 South Dearborn, Chicago, advised the writer that Mrs. M. SINGERMAN, 5417 Cornell, Chicago is the wife of a B'nai B'rith Executive and that she has received correspondence from the captioned organization at 410 South Michigan Avenue, Chicago. Mr. PINSLEY stated that Mrs. SINGERMAN has advised that it appears that someone from the captioned organization had obtained the list of members of the Bret Harte Grammar School PTA and is sending out literature to these members.

A review of the Chicago files reflects that Mr. GUS KRUGER, Chief Engineer, Fine Arts Building, 410 South Michigan Avenue, obtained from the trash of the captioned organization on October 5, 1953 a list of names and addresses believed to have been used by the captioned organization as a mailing list prior to this date in connection with the National Rosenberg-Sobell Conference on October 10 and 11, 1953. *which included the name of M. Singerman, 5417 Cornell, Chicago.*

Mr. PINSLEY made available to the writer two envelopes addressed to Mrs. SINGERMAN, one of which contained a "Newsletter" from Chicago Rosenberg-Sobell Committee, Volume 1, number 2, dated March, 1954, which is captioned "Rosenberg Children Harassed, Nation Wide Protest Urged".

The article states in part that the ROSENBERG children are again being harassed at the death of EMANUEL BLOCK who had hoped to protect them with anonymity. The Newsletter in effect urges the recipients to join a nation wide protest as the Newsletter states that the

On April 12, 1954, Mr. WILLIAM G. PINSLEY, made available to the writer a photostat of page 14 of the March 25, 1954 issue of "Women's Voice", the official publication of the captioned organization. He called the writers attention to an article, columns 1, 2 and 3, entitled "MC CARTHY and the Clanging Brass" by LUCILLE MILLER. The article is anti-Semitic throughout its contents and attacks General ZWICKER by stating "ZWICKER is one of EISENHOWER's custom built Kosher Generals[®] the breed which is replacing the American Generals".

The article continues in effect that when Jewish policy makers call up and instruct army officials to lose the "war on purpose" that generals like MC ARTHUR and VAN FLEET are liable to object, however, "a Jewish general like MARK CLARK can lose a war just as willingly as he would lose a regiment, without batting an eye".

The article refers to the President as "Jewish General EISENHOWER" and discussed MC CARTHY's charges against the "Communist dentist IRVING PERESS". In this discussion of IRVING PERESS, the article states that ZWICKER fixed things up for PERESS and that when MC CARTHY attacked PERESS "IKE and his all Jewish brass band ran bumping and thumping to ZWICKER's aid and called out the cohorts of Jewish newspapers and radio propagandists and since they wanted so much to build it up into a big thing that is just what ought to happen".

The article also states that the "White House Jewish^{inter} Nationalist... have contrived to strangle the Congress and feel free to indulge their global fancies unchecked".

Nate Greening, was employed by Hills-McCanna as Chief Metalurgist. The agents stated that Greening (a NON-Jew) had been a member of the Communist Party since 1950. This was the reason the company never got the blue prints in question. Greening was a very important cog in the company organization. He had worked at the company all during the war years. He was discharged from the company in January, 1954.

After the Greening incident, every employee of Hills-McCanna had to fill out very extensive forms which included very thorough background information. The question of religion was also included. This took place in January, 1954. On March 5, 1954 Ralph Huft drove down to Rockford, Ill. with some fellows employees who are identified as follows: Marshall King - Plant Superintendent and driver of the auto; Frank Small - Pattern Engineer; George Sandenburgh - Chief Engineer. During the long auto ride the subject of Nate Greening came up. Ralph Huft also took part in the conversation. At one point Marshall King said:

"While the Security Agents were in the plant during the Greening investigation, they had a list of all subversive organizations in the United States and this included Jewish organizations. Guess who the leader was of this list? None other than B'Nai B'rith".

On March 9, 1954, Ralph Huft picked up one of his bosses, Allan DeMarco - Plant Superintendent, at his home in Northbrook, Ill. and they drove to the plant. During this auto ride the Greening conversation came up again and DeMarco said:

"Let me give you a word of warning. The security investigators during the recent Greening investigation told me that one of the first signs of a Communist is a guy that champions the rights of the minorities".

On the following day, during conversation at the plant, Allan DeMarco told Ralph Huft that he too saw the subversive organization list and that B'Nai Brith was on the list. He went on to say that he could not understand the Jews. That they come to this country, get to run some of our large industries, take over Miami Beach, and then join subversive organizations.

Ralph Huft said that Greening was known as one who would not permit anyone to say anything against any minority group but no one knew that he was a member of the Communist Party until told by the investigators from the government. The only known Jewish employee, Ernie Segal, recently was speaking to a new salesman named Art Down. They were discussing a sale problem when Art Down said, "We will use that old Sheenie approach". This made Segal very angry and he told Down that he was a Jew and did not like to hear that kind of talk.

Although Ralph Huft said that he wants to be kept out of the picture for fear of being fired, he thinks some thing should be done. His main concern is to put across to the company that B'Nai Brith is not the subversive. I was not able to learn if the Security Investigators concerned in this picture are F.B.I agents or from some other governmental agency. No one seems to know the answer.

On March 16, 1954 I spoke to Ernie Segal. He is 27 years old, married and recently moved to 1206 W. Jarvis Ave. (Am 8-9072). He stated that he has been employed as a salesman at Hills-McCanna company for the past 3 years. He also said that it is known in the company that he is Jewish and for that reason no anti-Semitic remarks are made to him. He said that in the three years that he has been employed here that there were two other people of the Jewish faith employed there. One a man who did a poor job and was let go and a girl in the office who quit to take a better job. Segal said that he did tell another salesman, Art Down, to cut out the anti-Semitic remark when Down remarked, "Let us use that old Sheenie approach" while talking about a sales problem.

Ernie Segal could not substantiate any other points brought out by Ralph Huft. Said Segal, "I am only a salesman and am not in the inner circles of the company as is Huft. I am sure that it is not known in the company that Huft is Jewish and they may say more in front of him than in front of me for that reason. I did not hear anyone say that B'Nai B'rith was on a subversive list but then I am not in the position to have anyone tell me that if it was true. I feel that if Ralph Huft says that it was said at the company that he must be telling the truth because Ralph is a pretty level headed person".

Segal did not think that the company was anti-Semitic, even though there are not many Jews working for the company.

HANNS FISCHER

IS-X

In January, 1954, Mr. WILLIAM PINSLEY, Anti-Defamation League, 343 South Dearborn Street, Chicago, Illinois, telephonically furnished the following information pertaining to FISCHER:

HANNS FISCHER, who resides at 5871 N. Glenwood Avenue, Chicago, Illinois, recently came to the Anti Defamation League, Chicago, and talked with NISSEN GROSS and WILLIAM PINSLEY. FISCHER claimed to have received a book written in German which had been translated into English and to have been paid \$100.00 for reading the book. FISCHER, after an examination of the book, claims to have decided that the book was viciously anti-Semitic. He therefore placed the book in a safety deposit box and decided to discuss the matter with the Anti Defamation League. FISCHER declined to furnish information as to the identity of the person from whom he obtained the book but did state that it was contemplated that the book would be published in English and given wide circulation. The book was originally written in Germany since World War II and allegedly relied on current sources.

FISCHER suggested that the Anti Defamation League might be desirous of purchasing this book. He did not state a price but PINSLEY is of the opinion that since he claimed to have been paid \$100.00 for merely reading it, he was interested in several hundred dollars. PINSLEY and GROSS through their discussion with FISCHER obtained the idea that he might be willing to turn over the book for about \$500.00 but this was not based on any specific discussion of amounts.

The ADL through PINSLEY and GROSS offered to examine the book in question if FISCHER would turn it over to them for examination, but FISCHER stated that he would not permit the book to leave his custody, suggesting instead that a representative of ADL who could read German should accompany him to the safety deposit vault where the book is now located and there examine it for several hours in order to evaluate the matter so that the ADL could make a decision with respect to its purchase.

RE: HANNS FISCHER

FISCHER claimed he came to the ADL because he recognized the book was anti-Semitic and un-American and was desirous of preventing the circulation of such material.

ADL files contained the following information pertaining to FISCHER:

FISCHER is foreign born. He probably came to the U. S. during the 1930's and has probably been naturalized. He was previously with some German newspaper in Pittsburgh, Pennsylvania, and has been on friendly terms over a period of years with HOMER MERTZ, who, according to PINSLEY, has been engaged in anti-Semitic activity. Some time during the 1930's he taught at the Armour Institute in Chicago but was fired from that job. He is probably a writer by profession.

The ADL files show that FISCHER has been one to permit other people to pay his expenses under circumstances indicating that FISCHER should repay such expenses but did not.

PINSLEY says that there is considerable information in his files pertaining to FISCHER which he is desirous of making available to this office if this office cares to examine them. He says, however, that his files are sadly lacking insofar as the source of the material is concerned since the information is primarily in undocumented form.

PINSLEY also states that during the discussion with FISCHER he at one time indicated that he is presently doing some work for Reuben H. Donnelley, which publishes the telephone directories in the Chicago area but later requested that PINSLEY not attempt to contact him at that firm.

The files of the Chicago Office contain several references to HANNS FISCHER and also to HOMER MERTZ. There is one subject file on HANS MARTIN FISCHER but available information is not sufficient to state that an identity exists.

It is considered desirable to review all of the information available in this office pertaining to FISCHER and to obtain the additional information from ADL after which a decision can be made with respect to the need for additional investigation.

Mr. WILLIAM G. Mr. PINSLEY noted that on page 20 of the August, 1953, issue, an article captioned "Your Child Could Become a Communist," by J. Mr. PINSLEY points out that the articles are printed in such a manner that readers might conclude that the articles were especially contributed to "The Defender Magazine."

This is being brought to the Bureau's attention in view of the fact that "The Defender Magazine" is edited by GERALD B. WINROD. Mr. PINSLEY advises that the ADL regards "The Defender Magazine" as an anti-Semitic publication and WINROD as one of the more prominent anti-Semites in the United States.

AMERICAN COMMITTEE FOR THE
ADVANCEMENT OF WESTERN CULTURE
IS - X

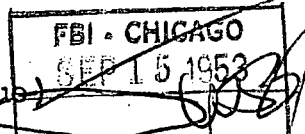

On August 20, 1953, Mr. WILLIAM G. PINSLEY, Fact Finding Division, Anti Defemantion League, B'nai B'rith, 343 South Dearborn, advised the writer that he has received information that H. KEITH THOMPSON, head of the subject organization, is becoming disgusted and is withdrawing gradually from its activities. He further advised that in his quiet withdrawal from this organization, THOMPSON has stated in part "that he cannot stand the idiosyncrasies of some of the members of his organization."

Mr. PINSLEY further stated that JAMES MADOLE, who is the leader of the National Renaissance Party, has groups springing up in the state of Kentucky. He further stated that MADOLE on August 18, 1953 departed from New York City for Chicago, Illinois, where MADOLE planned to hold street corner meetings, presumedly in one of the German sectors of Chicago, Illinois. He stated that he did not know where MADOLE would hold these meetings, however, if he did determine said locations, he would attempt to have an informant attend these meetings. He further stated that JAMES MADOLE's trip to Chicago was being financed by a Chicago individual.

He stated that during the past month, H. KEITH THOMPSON has held a meeting in New York, which has consisted of ELIZABETH DILLING STOKES, JAMES WHITE and MATHIS KOEHL.

Mr. PINSLEY stated that he has received an oral report from an individual of unknown reliability who stated that TONSTATTER VOLKSFEST, which is part of the Schwaben-Verein, which recently held a picnic in Riverview Park, was passing out small red swastikas to all the individuals who attended the picnic.

Mr. PINSLEY further stated that as far as he knows, the TONSTATTER VOLKSFEST of the Schwaben-Verein is a "decent organization" and he did not believe that this organization would sanction anyone passing out red swastikas to individuals who attended this picnic. He stated that he believed that apparently someone took it upon themselves to pass out such swastikas and that when the organization became aware of what was taking place, this activity was discontinued. He stated that if this ~~was~~ an organized effort by the 100-1816-84

organization which held the picnic, he believed he would have received more reports on its activities.

On June 19, 1953, Mr. WILLIAM PINSLEY, Fact-Finding Department, Anti-Defamation League, 343 South Dearborn Street, Chicago, Illinois, (protect identity), telephonically advised the writer that he has received information that FORREST SAMMONS, of West Virginia, "who is notoriously anti-Semitic", was coming to Chicago, Illinois, on June 19, 1953, to participate in a meeting of leading Nationalist figures which was to take place on June 20-21, 1953. He stated he did not know the location of said meeting. He continued that SAMMONS had registered in the Palmer House.

Mr. PINSLEY continued that he has received information that JOHN HAMILTON, leader of the captioned organization, was also coming to Chicago and that, during the week of June 21-27, 1953, JOHN HAMILTON was to open a local chapter of subject organization in the Chicago area with the cooperation of GEORGE SUDBECK. He continued that he alerted the Security Unit of the Chicago Police Department.

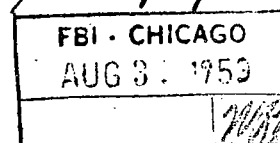

On June 30, 1953, Mr. PINSLEY was contacted by the writer and he stated that the Security Unit of the Chicago Police Department advised him that FORREST SAMMONS made three telephone calls from the Palmer House to plumbing concerns and one telephone call to CONSTANTINE JUSZCZAK, 406 Green Bay Avenue, Calumet City, Torrence 2-6312.

He stated that SAMMONS also made one call to Huntington, West Virginia, and another to 715 $\frac{1}{2}$ North East, Fort Lauderdale, Florida, telephone, Fort Lauderdale 2-3329. He stated he did not know the subscriber of the Florida number.

He further stated that SAMMONS registered at the Palmer House on June 18, and vacated his room at the Palmer House on June 20, 1953. He continued that he did not know of SAMMONS's activities from this point on.

On July 2, 1953, Mr. WILLIAM G. PINSLEY, Fact-Finding Department, Anti-Defamation League, 343 South Dearborn Street, Chicago, Illinois, (~~protect identity~~), telephonically advised the writer that the June 25, 1953 issue of "Woman's Voice", official publication of We, The Mothers Mobilize, reflected that the subject organization was planning a parade consisting of five and drum corps, station wagon with loud speakers and marchers who were demonstrating against the United Nations. The article stated, "Up with the Stars and Stripes and down with the UN Flag."

Mr. PINSLEY stated the parade was to take place on July 4, 1953.

Mr. PINSLEY stated that he has received information that the captioned organization is led by EDMUND MITLER, 225 North Oak Place, Oak Park, Illinois. He continued that the captioned organization is a "hate" group which is anti-Semitic, anti-Negro, and anti-United Nations.

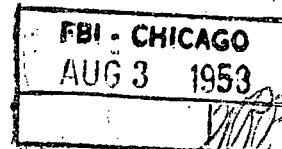

He stated that he would alert the Security Squad of the Chicago Police Department to the information as is stated above.

Dear Klein:

Confirming our telephone conversation of even date, I am enclosing a booklet which is obviously Communist propaganda and which was sent from East Berlin to Mrs. Ohrnstein. Her name and address is on the enclosed envelope.

Mrs. Ohrnstein was very much concerned to find that somebody in East Berlin apparently had her address so as to be able to send such literature to her. She has a son in the service who I understand is working in a very confidential capacity. She of course wants to cooperate in every way possible.

Warm personal regards.

MEMORANDUM

TO: William Pinsley

FROM: Milton Ellerin

DATE: March 12, 1953

SUBJECT: Keith Thompson -- American Committee for the Advancement of Western Culture

Apropos of our telephone conversation yesterday, I have refrained from telling you and Harvey everything that has come into our possession on Thompson and his latest group simply because most of the material defies belief. While we have no doubt that our man, who is close to the situation, is reporting accurately what he learns, we nevertheless are in a difficult position in attempting to evaluate properly the authenticity of the material that comes into his possession. If this sounds like double talk, let me be specific.

For example, we have learned that General Remer had in his possession at the time of his arrest detailed plans for the escape of specified war criminals and the details of arrangements for the reception of these war criminals in neutral countries. Thompson allegedly was on the inside of this picture. This he told to our informant who in turn reported it to us. Now we have no way of knowing whether or not this is a figment of Thompson's imagination or whether or not it is a carefully suppressed fact.

In similar fashion, many other startling bits of information have come our way. Rather than pass on to you all of this information, which might only tend to confuse and embarrass us, we are patiently sifting this information together with what we get from other sources in order that we may some day arrive at a true picture. Just as soon as we have what we believe to be authentic information on any phase of this investigation, obviously we will keep all of you informed. In addition, when we get leads in your territory, we will shoot them on to you for checking out; again, for the purpose of enabling us to properly evaluate what we get.

This I can tell you positively concerning the nature and the latest developments in the American Committee for the Advancement of Western Culture. At this stage of the proceedings, Thompson is working on the composition of his executive board. In addition, he is working on a program -- one for public consumption and one for private consumption. So far he has lined up the following star-studded array:

Benjamin K. Freedman, who has agreed to serve as "advisor on Jewish affairs."

J. W. Mitchell of the National Students Union, Nashville, Tennessee. Mitchell is described as a Ku Kluxer, about 25, and has promised to deliver the KKK organizations. (Although Alex Miller is not getting a copy of this memorandum, we will direct a separate inquiry to his office.)

Raymond Burke will head the organization in Chicago.

Peter Xavier who has a roving commission with the assignment of continuing to spread his usual brand of poison.

Matthew Koehl of Milwaukee, who will head the youth section.
(Will you have Sid Sayles check on this, after giving him enough background information?)

A. L. Tittman, who is serving on the advisory committee.

The following is what we know about their organizational structure:

"There is a national chairman and several national vice-chairmen. Under the direction of the national chairman is an administrative and advisory staff. The administrative staff consists of the executive secretary, general counsel, clerical staff, treasurer and the heads of divisions. The advisory staff, according to Keith, "consists of groups of experts in varied fields of endeavor who are qualified to advise and make recommendations to the Committee concerning matters pertinent to their specialized fields."

There is an East Coast Director, a West Coast Director, a Mid-Western Director, a Southern Director, and, it is hoped, a Southwestern Director. According to Keith, 'these regional directors, with their own staffs, are governed in matters of general policy by the National Committee and coordinate their activities with those of the National Committee. However, the regional groups are free to take positions on matters peculiar to their own regions, independent of the National Committee. The primary function of the regional staffs is to serve as a distribution system for the National organization, and as information and advisory center for the area concerned.'

One other morsel of information which we would appreciate your checking on; it was reported to us that Arthur Koegel of Chicago, who apparently is working with Keith under cover, has been making substantial contributions to the Nazi Friekorp organization in Germany. Koegel is reported to have sent some checks on one of his Chicago banks. It is conceivable that he may be one of the money-men behind the new organization.

In any event, we would be interested to see what you can learn about Koegel, particularly if you have any good connections in the Chicago banks.

Regards.

TO: Bill Pinsley

FROM: Milton Ellerin

DATE: April 2, 1953

SUBJECT:

This will refer to my March 12 memorandum to you on Keith Thompson and the American Committee for the Advancement of Western Culture. In the next to the last paragraph I reported that information had come our way that Arthur Koegel had been making substantial contributions to the Nazi Friekorps group.

We just learned yesterday that Koegel apparently has been drawing checks for large amounts payable to cash on his Chicago bank, which are forwarded to Germany, which apparently are honored by German banks.

While I appreciate that this is a difficult thing to track down, nevertheless it is important. Yesterday's N.Y. TIMES and TRIBUNE reported an interview with Adenauer prior to his departure to the United States. Adenauer stated in this interview that the Neo-Nazi groups in Germany were receiving sums from abroad.

It is our informant's opinion, based on correspondence he saw, that Koegel is one of the chief suppliers of funds from the United States.

MEMORANDUM

TO: Bill Pinsley
FROM: Milton Ellerin
DATE: April 6, 1953
SUBJECT:

Rather than try to rework the enclosed report, I am giving it to you as is. Under no circumstances should any of the information contained herein be divulged despite the fact that there is some meat contained herein.

April 3, 1953

KEITH THOMPSON'S LATEST PLANS.

Keith and Vierick are planning a protest demonstration against Adenauer. Keith is asking Fleckenstein to lend him the use of some of the Voters Alliance rough and tumble boys to carry placards before the German Consulate at a benefit rally where Adenauer is going to speak at Carnegie Hall. Incidentally Adenauer's advance party are worried about this and are asking the State Department to block the demonstration if possible.

The official announcement of the formation of the "western culture" committee is being deferred until about April 20 when Keith plans to spring it in Germany. They are now mailing the story giving the new setup and sending duplicate copies to German editors they hope will use it. The duplicates are because they find their mail incoming and outgoing is being tampered with at the German end.

The main objective back of all this activity is to get a few top Nazis into the leadership of this international neo-nazi movement. They figure that if they can set up international committees that look as though they might accomplish something they will be able to raise funds from fascist sympathizers. They have already raised enough money to get General Remer and three or four other second level nazis out of Germany to Spain. They figure that it costs them about five thousand dollars per head because in addition to cost of getting false papers, bribing guards and paying travel fares, they must provide enough additional money to provide for the families and carry the nazi's living expenses.

The main need in the international neo-nazi setup is to get a couple of top level nazis to act as symbols for the movement. They have discussed bringing Martin Bohrmann out from under wraps. They know now that the US Government has intercepted correspondence establishing that Bohrmann is alive and where he was at the time of writing, - presumably Mexico although Keith did not say so. But Bohrmann while he was a powerful figure was not popular even in Hitler's lifetime

and would not arouse enthusiasm today. They hope that Kesselring, in view of their efforts to get him out of jail in Britain would join their group but now they observe with disgust that he "sold out to Bonn". They also thought of General Gued Guderien but he showed no inclination to get into the political fray. Above all they hope to get Admiral Doenitz out of Spandau prison. Through their Nazi pals in East Germany they have been dickering with the Soviet Military. They have made attractive offers and are puzzled why so far they have not been able to arrive at a deal. The Russians have told them something or other which gives them hope. All factions of the neo nazis are agreed that Doenitz is the ideal choice because they can take the position that he was the legal successor to Hitler and that the Bonn Government is an illegal one.

Keith and others in the neo nazis group think that the USSR should see the advantages to them of a powerful movement fighting against a United front of the western powers and against Bonn. The advantages of a powerful inner opposition, they think should be obvious but so far they say that they have not been able to get any top level Russian cooperation in the form of money and arms. Said Keith "a few hundred thousand dollars would be sufficient with the forces that already exist to pull off a successful revolution in Germany". There are some fifty scattered nationalist groups all working more or less towards the same ends. Among these are several powerful veterans groups. We have our sympathizers even in the Bonn administrations. We are weakest in the Foreign Office but we have plenty of people particularly in Jacob Kaiser and the labor ministries. Also the groups have a lot of arms cached. Furthermore we have positive assurance both from the Spanish and Argentine governments that as soon as we can provide top leadership we can get recognition for a German government in exile".

My impression is that Keith has not succeeded in connecting with important money as yet. Alfred Koegel ⁽¹⁾ in Chicago and Weiss here represent small dough. He has some intimations however that several nazi sympathizers with prosperous industrial concerns will come across when they see a tangible international setup which gives some promise of success. Weiss is somewhat worried because a lot of his literature

has been turned up in raids on neo nazi outfits in Germany. As a German citizen in the U. S. his status is vulnerable. Alfred Koegel is really worried because Bonn has a record of numerous payments he made to neo nazi outfits. Vierick is jittery and has told Keith that his name must not be used in literature because he is anxious to rehabilitate himself as a writer and shrinks from going back to jail. Incidentally he is writing a sexy book on life in Greenwich village. The comment was that he must be drawing heavily on his memory because he is incapable of any current experience that would provide him with material.

Keith who is swinging more and more to the militant right openly sneers at his jittery associates. He gives a strong line ^② for revolutionary action and leans more and more to the reckless boys of the Models type. Keith says that he is not able to give full time to the cause because he is keeping alive his private business venture and still needs the income.

"VAGABONDING WITH VANDERBILT"
SOMEWHERE IN NEVADA
March 28, 1953

My Friends:-

.

THE BIG LIFE TECHNIQUE

My mail of late has been jammed with further information on the new nationwide hush-hush Neo-Nazi organization, known as the "Committee for the Defense of Western Culture". Some of this is new. Daily, more names of prominent persons who are said to be members of this group, are coming in. People have sent me photostats of letters; photographs; copies of speeches made at meetings; even a tape recording of a phone conversation. I have learned for instance that this organization recently issued a press release in which it advocated that "All Jews register as foreign agents". The contention being that since the Jewish Committees connected with B'nai B'rith are in reality agencies of Israel, which is a foreign state and entitled to passports, they should be considered as foreign agents.

NEW COALS TO NEWCASTLE

Some people - unfortunately prominent in our Congress and elsewhere, unfortunately believe that circumstantial evidence is always the best evidence. From coast to coast today the whisper is growing louder: "Every convicted American spy bears a Jewish name." This type of merciless character assassination, does not start of its own accord. It is fanned to white heat by greenbacks; lots of greenbacks. Where do they come from? Where does this type of propaganda originate? The Bund is supposed to have disappeared with the war. The KKK went underground. Father Coughlin is no more. Gerald L. K. Smith, Sylvester Vierick are living in Kansas and Manhattan. But only a handful of the traitors of the late thirties appear in my tipster information. Most of the names are new names. Most of the sources of the greenbacks are new sources.

OUT OF THE MOUTHS OF KNAVES

The seeming leader of this group, whose name is mentioned in fully 2/3rds of my correspondence, is a handsome, 30 year old business man in a town not too far away from Manhattan. He openly admits he spends all his spare time trying to obtain American support for the release of the still imprisoned Nazis in many parts of Europe. He is scornful of the Adenauer Bonn Government. He considers it merely a puppet for France and the United States. He has all of the names of all of the 1,045 war criminals still imprisoned. These run the gamut from corporals to field marshals. Their release he considers the number one item on his agenda, so that they can help "HITLER WHEN HE RETURNS TRIUMPHANTLY TO GERMANY SOON."

HOW DO THEY GET THAT WAY

March, a year ago, he organized and became head of two other American committees, to work for their release. These Nazis, whom this young, six foot, dark haired, pink cheeked Aryan God declared were "fraudulently convicted on trumped up Jewish evidence", he insists, are needed to run the new Germany today. Toward their release, he has formed another committee, called THE COMMITTEE FOR INTERNATIONAL JUSTICE. He has appealed to our State Department and to the UN. The War Crimes Trials he insists, were an "unfortunate legal precedent" engineered also by the Jews.

THERE IS NEVER A REASON FOR TREASON

He feels that the rearmament of Germany, while the Allies are still holding "the cream of German military and business leaders as prisoners, is ridiculous, if not simply stupid". During World War II, this young man was a gob. He later attended the Naval Reserve Training Corps, while a student at Yale University.

THANK GOD FOR J. EDGAR HOOVERS FBI

Collaborating with him at the moment, are several very wealthy and prominent persons, who ought to know better. They will no doubt run for cover when their names are released. The newsmen connected with this movement are sillier still. The military personnel will be awakened with a severe jolt when the Inspector General's reports are released. They ought to be court-martialed and no doubt will be. Justice still prevails; and there is still, in our land, a most efficient organization known as the FBI.

LIKE NAPOLEON AFTER ELBA

From what sources come the funds to permit these anti-Semitic groups to flourish, has always intrigued me. Some of the money, no doubt, comes from poor boobs, who are taken in. As you all know, who take time to read this NEWSLETTER, I belong to that small minority who believe that Adolph Hitler is not yet dead. The other day Louis Sobel, one of the Hearst papers most caustic columnists, sent me a letter relayed to him for me. It read in part:

SHICKELGRUBERS RIDES AGAIN

"I read your statement in Sobel's column that you believe that Hitler is still alive. He is in truth, and perhaps you would be surprised to know where he is receiving sanctuary. It isn't Mexico, as you supposed, but in the USSR. The fact is, he is destined to take another fling at history, like Napoleon after Elba. The next war then, will be but a resumption of the old feud of Hitler's Germany. Thus Hitler, after making a secret deal with Russia, to insure war material now being turned out in factories in the western zones under lax supervision of French and British, will suddenly appear in Eastern Germany. Germans everywhere will flock to him like the French did when Napoleon landed at Nice. The Adenauer government at Bonn will be obliged to flee. Hitler's Russian armies will then blitz their way through France into North Africa, Libya, Egypt, Iraq, Iran to Israel. During this war Malenkov expects to take over the rest of Asia; and Alaska. We are on the verge of this occurrence now."

TWO YEARS TOO SOON

Two years ago from my lecture platforms, I was making almost the same statements. At that time I knew nothing concrete about the rise of the new Nazi party in the United States. I had had no tips as to its membership, nor the sources from whence it was receiving its main financial support. I didn't even know the names of its leaders until I was basking in the sun atop the beautiful penthouse of the excellently operated Ambassador Hotel in Palm Beach, Florida, some weeks ago. If I had known then, what I know today; and what I have seen and heard out here "somewhere in Nevada", I might have been more terrified.....

My Friends:-

.....

THE STORM TROOPERS ARE MARCHING AGAIN

Among these things is the existence today of a new and very hush hush organization, known as the "Committee for the Defense of Western Culture" (which ought to be spelled KULTUR). This organization backed by plenty of cash, already has a growing number of chapters in various sections of the world, to mention nothing of the United States. On its roster here at home are many names we all knew by heart more than a decade ago, and on its board are persons who served terms in federal institutions for selling America short. Its co-chairmen are well known to the FBI and to the CIA, and in a forthcoming issue of this NEWSLETTER I will tell you more about them. One of these men is a great great great grandson of a Prussian General, an admirer of Adolph Hitler, and Admiral Doenetz and lately of Otto von Remmer, who heads the (gone underground) SOCIAL REITZPARTIE in Western Germany. He was registered with the Department of Justice as the Agent of a Foreign Government as late as Christmastime. The tragedy of his part in this organization is he has had an excellent schooling and has been a member of several expeditions into parts of the world where it took great courage to venture. This frustrated field marshall isn't actually so much anti-Semitic as he is anti Jewish for business reasons. And in the latter he keeps up an "Operat" with ex-Nazis and ex-Fascists all over the world.

IS THIS A REBIRTH OF THE BUND

The "Committee for the Defense of Western Culture"--is also headed by another gentleman with a Jewish sounding name, who isn't Jewish, because to be a member of the former German Bund when it was parading around Yorkville, N. Y., and the hills of New Jersey in the late thirties, you certainly couldn't be a Semite. The Treasurer of the group is a German realtor with extensive holdings in upper New York City and the Bronx. This gentleman has never even tried to become an American citizen; but preaches America for the Americans at every opportunity. The Manhattan manager is well known to Uncle Sam too, for he makes frequent visits to some very well known Nazis now operating as before in Mexico. It isn't known for certain if one of these is Martin Boorman, Adolph Hitler's great friend whom many persons even in Germany still believe to be alive. Among other members of this now world wide organization is a German admiral who wrote a famed war book called STUKAPILOT, and is now said to be in the Argentine, today.

THANK GOD FOR THE FBI

In this organization, a partial list of whose members our government has been investigating, are persons of some prominence who helped get some of the Nazi war criminals out of prison in Germany; and some of the former Nazi generals out of detention cells in Belgium, Luxembourg, Denmark and even France. When this story breaks the nation will be rocked and shocked; and yet, why should it be, we pay so little attention to our freedom when we win it? Suffice it to say some members of this group spent nearly 5 years in prison betwixt wars and some were never sent to prison at all. Some are elderly German Americans with sentimental fixations on the master-race and some are youngsters who think it's smart to scratch Swastikas on buildings and walls. Some are now holding meetings on certain nights on 2nd Ave. in Yorkville, and others are sending anti-Jewish literature through the mails.

Page 3

BIRDS OF A FEATHER

To me in my geopolitical outlook on the world, members of this group and would-be members of it, all belong in the same pigpen, be they rich or poor, diabolitically

2--Vanderbilt--Feb. 22, 1953--Palm Beach, Fla.

clever or merely sots. They are as guilty of stirring up trouble in our midst as are the Communists. But the devil of it is, that there are so many joiners who join simply because they have had an unpleasant experience with a Jew.

HITLER LIVES BECAUSE HIS PHILOSOPHY DOES

For quite a while now I have felt that the wave of anti-Semitism rising among us must have been urged on by more than mere conversation. This has led me to remark on more than one occasion from the platform in various sections of the country that I thought Adolph Hitler was still alive; for so much of his philosophy is. Once in the mid-forties while covering some event in Moralia in western Mexico, I was certain I had seen Hitler; but when I reported this to my then editor, he felt the story was too sensational to be believed; and he killed it. I still think Hitler is alive regardless of all of the pseudo evidence to the contrary. I think that the rumors that "All Jews are Communists because every American spy so far apprehended has a Jewish name" is a clever piece of propaganda spread by typical advertising methods of the big lie, which Hitler's group originated. Thus I feel today that in the discovery and location of the purpose of the "Committee for the Defense of Western Culture" we have come a long way. It is as important for any reader of this NEWSLETTER to report to the FBI anyone they suspect of being a member of this group, as it is for them to report any sign of Trojan Horse Communism in their midst. Make no mistake about this please.

ME KNOW ME NO TELL

And now in case you are wondering why I am shielding the names of those connected with this diabolical plot, my only reply at the moment is that I have been asked by a higher authority to do so for a little while longer.

SUBJECT: ANTI-DEFAMATION LEAGUE
INFORMATION CONCERNING

On 3-11-52 Mr. NISSEN GROSS, Chief of Investigations, Anti-Defamation League, 327 South LaSalle Street, Chicago, Illinois, was interviewed at his request.

Mr. GROSS stated that his organization was becoming increasingly concerned because of the dangers of Communism and because of the dangers that the Anti-Defamation League might become infiltrated with Communists. He said that at the present time he is personally convinced that there is no dangerous infiltration into the Anti-Defamation League but he recognizes that in view of the fact that the Anti-Defamation League represents a minority group and often has interests which closely parallel claimed interests of the Communists, it was possible that his organization could be attractive to Communist Party members. In this respect Mr. GROSS pointed out that while there were good things in the Broyles Bills before the Legislature of Illinois, his organization considered that essentially there was more inherent danger than good in the Bills and, therefore, were against the Broyles Bills. He stated that he recognized that the Communist Party also fought the Broyles Bills but for somewhat different reasons.

Mr. GROSS also stated that civil rights was also something of importance to persons in his group and that this was also something which the Communists gave constant lip service to.

Similarly, according to GROSS, he stated his organization has always been in favor of something in the nature of a fair employment practices act and here again he recognized that the Communists spoke for such things.

Mr. GROSS stated that his organization had been alert to the possibility of Communist infiltration and was

of the opinion that by and large such infiltration had been avoided.

He stated, however, that the Anti-Defamation League often found it difficult to eliminate a person from activity strictly on the basis of suspicion of Communist tendencies since it was not in a position to bring charges against an individual for Communism but had to work in more roundabout ways in order to eliminate from positions of influence in the Anti-Defamation League persons who might have Communist tendencies.

Mr. GROSS stated that he wished his organization were in a position to receive leads from the FBI which would be of assistance to the Anti-Defamation League in eliminating any possible infiltration into the organization. In stating this, Mr. GROSS stated that he was fully aware of the rules of the Bureau with respect to maintaining information on a confidential basis and recognized the necessity for such rules, but hoped that there was some way within these rules to cooperate in this matter with the Anti-Defamation League.

Mr. GROSS was advised that the best way he could be helpful in any activity which might be detrimental to the welfare of the United States was to regularly and currently supply this office with information coming to his attention. He was advised that on the basis of such information, investigative activity could be engaged in by this office where this was deemed desirable and

necessary, and that in this manner the FBI would be in a better position to properly handle the responsibilities which have been placed upon it. He was advised that it would not be possible to furnish him with leads which might make it possible for him to obtain the type of evidence he would desire in order to eliminate a given individual from activity in B'nai B'rith. He was advised, however, that in matters where he could be of assistance to this office his cooperation would be appreciated in furnishing information and indicating to this office the identities of other persons who might have information which would be of value in the investigation of any particular individual or group.

Mr. GROSS stated that his organization had been somewhat hesitant to furnish information of this type to the FBI unless it had some verifiable basis on which this could be submitted. He was advised in this regard that in submitting any information it was entirely agreeable for him to qualify the information from the standpoint of being verifiable or not verifiable, or reliable or not reliable, in any manner which he deemed desirable.

Matters involving possible civil rights violations were again discussed with Mr. GROSS at this time and he was requested to bring to the attention of this office any matters indicating a possible violation of civil rights irrespective of who might be involved. Mr. GROSS stated that he would endeavor to cooperate with this office in this manner.

RE: ANTI-DEFAMATION LEAGUE
SECURITY MATTER - M

Reference is made to the complaint of MR. J. H. BOOTH, vice-president Bell & Howell Company, 7100 McCormick Bldg., Chicago, Illinois, which complaint was received at this Office on January 3, 1943, and is serial No. 59 of Subject file.

The writer interviewed MR. BOOTH on February 25, 1944, at his office at the Bell and Howell Plant. MR. BOOTH advised that he had no further information concerning his complaint which was to the effect that anonymous communications were being received by firms dealing in their products, stating that the Bell and Howell Company was discriminating against persons of a certain religion, implying that they, the Bell and Howell Company, had refused to hire people of Jewish extraction.

MR. BOOTH stated that to his knowledge three or four such letters had been received by their dealers and that one such letter had been received by the Bell and Howell Company, branch office located at 1801 West Larchmont Avenue. MR. BOOTH made available to the writer the last mentioned letter as well as a letter addressed to the Amateur Cinema League, Inc., 420 Lexington Avenue, New York City, which firm is a dealer in Bell and Howell products. The original copies of these letters are being placed in the exhibit envelope of the case file. It is to be noted that the latter mentioned letter consists of a photostatic card stating as follows:

"It is no secret that the B & H. Co. can't get all the help they need, but it is also known they can get more help if the man in charge of employments, Mr. E. would not work against it. Due to the fact that religion has nothing to do with the work required at B. & H., and racial and religious hatred is Unamerican, we will well remember B. & H. when this war is won.

Merry Christmas."

MR. BOOTH stated that inasmuch as the above mentioned letter consisted of a photostatic copy it is possible that someone is making a concentrated effort to send as many of these letters to Bell and Howell dealers as possible, and that he feels that such a practice would eventually hurt the sales of Bell and Howell Company in the post-war period.

RE: ANTI-DEFAMATION LEAGUE

The writer explained to MR. BOOTH that the writing of these letters violated no Federal law over which this Bureau has jurisdiction but that should the identity of the persons responsible for writing these letters be ascertained and should the campaign continue it would be appreciated if he would keep this Office informed in detail. MR. BOOTH stated that he thought perhaps the program was possibly sponsored by some Jewish organization such as the Anti-Defamation League.

MR. BOOTH further advised the writer that the Bell & Howell Company in no way discriminated against any persons applying for a job at their plant because of their race or nationality; that such a procedure would violate their pending Government contracts; and that insofar as the Company is concerned they knew of no individual case of an applicant who might be responsible for writing these letters.

Inasmuch as no further investigation in this case is necessary the same is being closed.

100-1816

O. EUGENE COLEMAN, S.A.

Addendum: Mr. Booth further advised that someone at the Anti-Defamation League had telephoned him and said that if the Bell & Howell Co. didn't have Mr. Ellington, their personnel man, their employment problems could be solved.

His father was a good friend of Carter Harrison, Sr. He had a lot of trouble during the first World War because he was persecuted on account of his German name. Theodore is a violent isolationist. He believes that the U.S. should stay completely out of the present war and help neither side. He believes in America for Americans, but showed no sign of any anti-Jewishness in this remark. He objects to foreigners having jobs when Americans are unemployed. I looked around his shop, but saw no German printing.

State Personal Observations

Dr. Anderson told me that he was a member of the Communist Party and had worked with Paul Douglas who was also a Communist, as Dr. Anderson says. Dr. Anderson said that as far as he was concerned, Communism and Fascism are alike and would be an improvement over our present form of government. He would like to be put on the mailing list of Appreciate America.

State Personal Observations

Mr. Bogda not at home at any time during which calls were made, but Mrs. Bogda emphatically remarked more than once that anything Father Coughlin said or did was perfectly O.K. with them. She expressed regrets that Catholic Church has not given Coughlin more support.

I learned that Mr. Bogda had been employed for Illinois Brick Co. up until two years ago when he began working for the Rock Island R.R. It is difficult to see Mr. Bogda because it seems he is being trained for another type of work by the Rock Island R.R. evenings and is doing his regular work during the day. It is, in my opinion, desirable to follow up on this person, for they are outspokenly Coughlinites.

The above address is a rooming house and subject is not known by landlady.
D.L.

The subject and his wife were from Berlin. She still had a family there. They left ~~the~~ party with whom they were living at the given address to go to stay with some relatives on the north side until they received their passports to Germany. When they left they said that they were going back as the family wanted them and as they were Hitler admirers. The party is sure that they are in Germany at the present time.

Mr. Krimm not home when I called. He lives at above address as letter addressed to him was sticking out of the mail box. His neighbor to the West says Krimm is German, here about 15 years, and a U.S. Citizen. He wouldn't give any information about Krimms employment or politics and said that even if he had any information to give, he wouldn't give any to strangers. He seemed to think that I was investigating Krimm on behalf of the Government, and gave me the impression that I was not the first man checking up on Krimm. He told me that Krimm has lots of money, and spends it. Krimm has nicest house on the block.
